

# Look, Listen, Discuss

Awaken your senses and spark curiosity

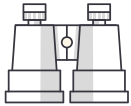

How many different types of cones can you find?

---

---

---

How many different types of trees can you see? Can you name any?

---

---

---

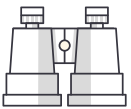

Count the number of trees you see with leaves. Next, count the number of trees you see with needles!

---

---

---

Look up at the tall trees and down at their roots, search for animal habitats and homes, what do you find?

---

---

---

Have you come across any dangers or threats to the plants or animals that live in the area? What are they?

---

---

---
